

Die Krupps "Paradise Of Sin"

Visit "[Paradise Of Sin](#)" on MotoLyrics.com

In-a-gadda-da-vida baby
God is dead he lost the battle
the devil rules over life and death
feel his power, feel his wrath

hell - this is the paradise of sin
fail - and you will suffer in pain
nail - that son of disaster
sell - your soul to the master

in the garden of evil, baby

the bible's title is helter skelter
take a ride on this rollercoaster
live for sin and die faster

wake - your evil twin
live - your wildest dream
let - the demons in
let - the madness begin
