"The Power"

Black shirt
Black belt
Black boot
As a sign of attitude

Strong willed
Well skilled
Clear mind
Rooted in solitude

Cross the rivers
Climb the mountains
Jump the borders
You have to contribute

Destiny
The future's on our shoulders
Forever young, forever strong
There's no tomorrow

Proud look
Open heart
Cold blood
A here's attribute

Destiny
The future's on our shoulders
Forever young, forever strong
There's no tomorrow

The power
The power of the darkside
