Getting mixed up with another girl
As I drag her by the hair to the floor
Keep letting her drown under
My broken glass finger holes
Holy ghost the electric hoax
Blinded by the garden we go
I don't see how they can
Keep smiling anymore

Last time I had all four
The look, and the punch
And the game, and the score
How come they never leave me alone

They won't take that chance on me
You wanted me to talk
Well I'm on my knees
I never claimed to be anything
Being Caroline Mescaline
"Heroin's heroine"
She knows it's got nothing
To do with her now

Goodbye sound another downtown frown
And we're tainted in the twitch of an eye
When we're beyond any doubt
It'll come back to me

When crystal's clean
The subtraction queen
We dream up a connection girl
Oh, if she's like me
I know she'll be back again
I hope

She tries to fake into the night
And bleed to agree, alright
It's too late girl, I'm much to bright

They won't take that chance on me
You wanted me to talk
Well I'm on my knees

I never claimed to be anything
Being Caroline Mescaline
"Heroin's heroine"
She knows it's got nothing
To do with her now, now

Hey, hey, hey, hey, hey

You can see why I act so inspired
Entirely, why would you ask me
Just another rock casualty

They won't take that chance on me
You wanted me to talk
Well I'm on my knees
I never claimed to be anything
Being Caroline Mescaline
They won't take that chance on me
You wanted me to talk
Well I'm on my knees
I never claimed to be anything
Being Caroline Mescaline
"Heroin's heroine"
She knows it's got nothing
To do with her now, now
