She follows me down to where I go,  
She comes in a cloud but she don't know,  
She walks in her haze 'til we get out  
Before it ever gets too late.

Hand in hand we walk on down,  
The alley ends at common ground,  
We walk in a haze 'til we pass out  
Before we ever know our time.

She! Ain't! Ever! Gonna! Get! Wise! X3

And I've been there with my hands tied

She follows me down to where I go,  
Like pullin' the chain or feelin' low,  
Don't wake me up I can't remain,  
To any other songs today.

She! Ain't! Ever! Gonna! Get! Wise! X3

And I've been there with my hands tied

She! Ain't! Ever! Gonna! Get! Wise! X3

And I've been there with my hands tied

Oooohhhh ohhh OOohhh Ohhh x4

She! Ain't! Ever! Gonna! Get! Wise! X3

And I've been there with my hands tied

She! Ain't! Ever! Gonna! Get! Wise! X3

And I've been there with my hands tied
