My heart is on fire
Burning just for you
Cause I know that
Your loving is true

You treat me so mean
But I can plainly see
That you were only
Meant for me

Cause I love you
(I love you)
And I need you
(I need you)

Oh, I want you
To be my bride and
Never say goodbye
I want you here
Beside my side

Oh, I don't care
What the people may say
I'm gonna love you, little girl
Any old way

And all that matters
Just you and I
Oh, I know we can
Make it if we try

Oh, when I come
To the end of my day
I will smile and say
I love you

Cause I love you
(I love you)
And I need you
(I need you)

Oh, I want you

To be my bride and
Never say goodbye
I want you here
Beside my side

Cause I love you
(I love you)
And I need you
(I need you)

Oh, I want you
To be my bride...
