Nasty nasty walk the streets at night
Nasty nasty loocking for a fight
Nasty nasty you're the reason why
Nasty nasty made somebody cry
What the hell is wrong with you
What the hell you going to do
You gonna do
Nast nasty always telling lies
Nasty nasty never really tries
Nasty nasty want to make them pay
Nasty nasty brave to turn away
Nasty nasty rivals blaming you
Nasty nasty all explotion news
Nasty nasty adding up the score
Nasty nasty what's it really for
Nasty nasty shockning head to feet
Nasty nasty think you're really neat
Nasty nasty into something new
Nasty nasty soon that won't be true
