My oxygen's gone  
Away

Closer  
To closure  
So take this out of me  
Take anything you want cause I'll still bleed  
I'll still bleed  
And it's fading  
Thinner  
Still it's haunting me  
I can't find the words to say to the angels  
That took you from me  
But three words, three words

My oxygen's gone

I can't sleep  
I can't eat  
I cry out to God just to hear me  
It's another day and I'm still the same  
With all my pain

Well not yet, not yet  
Break me from these visions  
Not yet, not yet  
It's too soon for you

Choking  
From knowing  
The love you've given me  
It's hard to believe what I see is no dream  
It's no dream  
And I'm drinking  
And sinking  
Still it's haunting me  
I medicate my fears with more beers  
And more tears

My oxygen's gone

I can't sleep  
I can't eat  
I cry out to God just to hear me  
It's another day and I'm still the same  
With all my pain

Well not yet, not yet  
Break me from these visions  
Not yet, not yet  
It's too soon for you

It's too soon (too soon)for you  
It's too soon (too soon)  
It's too soon (too soon)  
For you

My oxygen's gone...away  
My oxygen's gone...away  
It's too soon

I can't sleep  
I can't eat  
I cry out to God just to hear me  
It's another day and I'm still the same  
With all my pain

Well not yet, not yet  
Break me from these visions  
Not yet, not yet  
It's too soon for you
