My oxygen's gone

Closer to closure
Take this out of me
Take anything you want
I'll still bleed, I'll still breathe
And its Fading thinner but still it's haunting me
Can't find the words to say to the angels
That took you from me

But three words, three words
My oxygen's gone

chorus

I can't sleep, I can't eat
I cry out to God just to hear me
It's another day still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet it's too soon for you

Still choking from knowing the love you've given me
It's hard to believe what I see is no dream, no dream
I'm drinking, sinking, still it's haunting me
I medicate my fears with more beers and more tears

My oxygen's gone

chorus

I can't sleep, I can't eat
I cry out to God just to hear me
It's another day still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet it's too soon for you
its to soon for you
its to soon x4 for you

My oxygens gone x3
its to soon

chorus

I can't sleep, I can't eat

I cry out to God just to hear me
It's another day still the same with all my pain
Not yet, not yet break me from these visions
Not yet, not yet it's too soon for you
