"Sign Of Rose"

Come with me to the valley of night
Feel the jungle of ivy
I walk with you through the tunnel of light
Don't listen to the song of the siren
And the singer with the black rose between
His teeth is singin for your death
And the singer with the red rose between
His teeth is singin for your life
I pray now - in all secrecy
You'll kiss the sun in the desert land
Your longing for salvation
The tunnel is the light and the end

You mustn't sing with the sirene
And the singer with the black rose between
His teeth is singin for your death
And the singer with the red rose between
His teeth is singin for your life
I pray now - in all secrecy
You pave the way for your only fight
I cannot bear your fear in me
At the end of the tunnel
There is the light
Don't believe in the song of the siren
And the singer
