

DIE!

"7 Plyes"

It's my obsession since '88
riding the streets with my dear skate
I fell in love with its 7 plyes!

gotta shred! gotta skate!

my childhood gods were the "Bones Brigade"
Jim Phillips graphics under my board
i was twelve years old, I didn't care about pain!

gotta shred! gotta skate!

it's the weekend and I feel the frenzy!
me and my board it's a real friendship!
i don't care if I fall or if I suck
gotta shred! gotta skate!

it's all about fun and fuck your techniques
fuck you, your nollies and your nollie flips
i'm still grindin' over your trendy face!

gotta shred! gotta skate!

cuts and frustration can't stop my fun
I've always known they're a part of the game
eternal practice 'cause I'm just dumb!

gotta shred! gotta skate! GOTTA SKAAAATE!
