What the hell! what are you saying?!
you're not jokin',you really leaving
I'm losing you,like the loser I am
I can't stand being so alone
I can't accept it! oh no!
I've lost you.I can't believe it.I can't!
not for him.i can't accept it.Oh no!
why?! I can't believe it.I can't!

(and)I can't stand
all your stupid excuses to say that you're leaving me
I can't stand the vision of you sleeping in his arms
I can't stand that our love is swept away
i can't stand

what the hell! what are you saying?!
I can't believe that you really love that jerk
I'm losing you,like the loser I am
I can't stand being so alone
what the hell! what are you saying?!
you're not jokin',you really leaving
I'm losing you,like the loser I am
I can't stand being so damn alone!
