We're a bunch of morons just hangin' around
ready to thrash just to feel fine

loser patrol! we are the loser patrol!
loser patrol! we are the loser patrol!

havin' no taste and no talent as well
showing our asses all over the place!

loser patrol! we are the loser patrol!
loser patrol! we are the loser patrol!
skate and destroy is our law
we are a wolfpack but one of assholes

loser patrol! we are the loser patrol!
loser patrol! we are the loser patrol!

we keep losing we're not like you
no money, no girls but we feel so good!

loser patrol! we are the loser patrol!
loser patrol! we are the loser patrol! GO!
