Such a fool
To think that I could go through life alone
A typical rash decision
I refused to see
How I needed your hand
To complete
And reinforce my existence

Whats left to say
Except for youre the reason
The reason for me being

You gave me strength
The strength to be something
To be something better

Searching for another way
To steal a second chance
I pray for absolution

Now I know
That I'm missing your
Calm clarity
You were the one that listened

What's left to say
Except for you're the reason
The reason for me being

You gave me strength
The strength to be something
To be something better

What's left to say
Except for you're the reason
Except for you're the reason

Nothing I could say
Could bring you back tomorrow
Nothing I could say
Could dissipate my sorrow

All I had to
Do was let you know

What's left to say
Except for you're the reason
The reason for me being

You gave me strength
The strength to be something
To be something better
