Suffering, stewing in all of this anguish  
Why am I forced to just continue beating down myself  
Standards forcing me to raise expectation  
Am I too shallow for my own good  
The problem I have  
Is me

Why cant I have what I yearn for  
Desire eludes me  
Never satisfied  
What will quench my  
Thirst for more than my world  
Can provide for me

Is it a tragedy that I drink water  
'Stead of wine  
Such a game that my minds playing on me  
Shooting down who may be the perfect one  
Contest whats right  
For me

Why cant I have what I yearn for  
Desire eludes me  
Never satisfied  
What will quench my thirst

I'm sifting through the sands again  
To find the meaning  
Why is it so hard to find  
The wisdom that eludes  
I'm sifting through the sands again  
To find the meaning  
Am I ever going to find  
The solution that escapes me

Someone please give me the answer  
Someone ask the question why?  
Someone please give me the answer  
Someone ask the question why?

Someone please give me the answer

To the question  
Why wont you tell me why  
Someone please give me the answer  
To the question
