Commandments tossed aside  
A snakes whisper can blacken any heart  
Will you cross the line  
And taste the fruit that poisoned

Desire

Senses take no stand  
Contradicting all that you've stood against  
Corruption gives a hand  
And it will bring you to a world of deceit  
Succumb to  
The song of the sirens  
Slowly it consumes me

I cant  
Give into the demands of my own demons  
That are slowly eating away inside me  
Leaving me disheartened with nothing left to defend

Desire  
Is consuming my entire existence  
Rendering all my defenses unconscious  
And bleeding my will until it crumbles to dust

I have not given up  
I cant give up

Backwards  
From where I stood  
This is the norm of modern day

Hollow  
So incomplete  
Can I survive this day

All shame in my being  
My self control is fleeing  
Losing direction  
Losing direction

Theres no right solution  
Wallow in my illusion  
Losing direction  
Losing direction

The fight has just begun (x3)

I've swallowed all my pride  
And showed the world that I've nothing to hide  
Nothing ventured and nothing gained  
In the end theres only one to blame  
Succumbing to  
The song of sirens

I am so sick of this world  
I am so sick of this tainted existence
