I don't know who I am anymore,  
My world stops and starts right outside your door,  
I'm feeling weak,  
And I can't sleep tonight

Never thought that I would ever feel this way,  
I'm hanging on to every word that you say  
I beaten down  
I come around  
One look in your eyes and I am saved

Whatever you want, I want  
Whatever you feel, I feel  
I follow you, I follow you  
I follow you, but I keep losing me.

You've taken all control of everything I know  
And I miss the days when I was happy on my own.  
When I could breathe, when I could dream,  
So break my heart and give me back my soul

Whatever you want, I want,  
Whatever you feel, I feel,  
Cause I follow you, I follow you  
I follow you, but I keep losing,

Wherever you go, I go  
Whatever you need, I need  
See I follow you, you know I do  
I follow you but I keep losing me

I can't face it anymore  
Just giving in,  
You change, I break, You hesitate  
Don't think and no excuse

I don't want to be like this  
I'm invisible, One kiss and now it's gone,  
And now I feel so wrong

Whatever you want, I want  
Whatever you feel, I feel

I follow you, You know I do,  
I follow you

Wherever you go, I go  
Whatever you need, I need  
See I follow you(follow you), you know I do(know I do)  
I follow you but I keep losing me

Wherever you go(whatever you go) I go, (I follow you)  
Whatever you feel, I feel  
Cause I follow you (but I keep losing me, but I keep  
losing me)  
Loving you's a sacrifice ends up killing me
