Everywhere I go  
Things will remind me  
Of places they find me  
Looking for you  
Baby, can't you see  
Love's an addiction  
My burning ambition  
I've gotta see through

I gotta get closer  
Gotta hold you  
Gotta know you  
Because your smile  
Is getting me higher  
My desire  
Gotta find you

Your lips, your mouth  
Can't get enough  
Show me all the ways you can love  
One kiss no doubt  
Won't be enough  
Show me all the ways you can love

I see other guys looking your way  
They've got nothing you say  
Are they something for you?  
Girl, what's on your mind?  
I need to know  
'cause I'm feeling so close  
Are my words ringing true?  
I'm feeling the power  
It's the hour  
You're my flower  
It is growing within me

You can lift me

It's so easy

Your lips, your mouth

Can't get enough

Show me all the ways you can love

One kiss no doubt

Won't be enough

Show me all the ways you can love

Holding hands on the moonlight beach

All the ways

Hidden place that is out of reach

All the ways that we can love

Your lips, your mouth

Can't get enough

Show me all the ways you can love

One kiss no doubt

Won't be enough

Show me all the ways you can love
