Dierks Bentley & the Del McCoury Band

Where you gonna find a good man like me?

Now that ol' car, it ain't gonna last
You ride around all day, I buy the gas
The more I work, the more you spend
Tell me honey, baby when will this all end.

Chorus:

Her bags are packed, my nerves are racked
She's got a one way ticket, ain't comin' back
Oh baby, baby
Where you gonna find a good man like me.

--- Instrumental ---

Take a look at this house turned upside-down
I hung the clothes on the line
They blowed down to the ground
I tried to eat my own cookin, but it's awful bland
I'm telling you right now, things are out of hand.

Chorus:

Her bags are packed, my nerves are racked
She's got a one way ticket, ain't comin' back
Oh baby, baby
Where you gonna find a good man like me.

Chorus:

Her bags are packed, my nerves are racked
She's got a one way ticket, ain't comin' back
Oh baby, baby
Where you gonna find a good man like me.

Yeah, where you gonna find a good man like me...
