You completely disappeared
You could be a million miles from here
You're doin' fine from what I hear
Lately
I guess you've found you're destiny
If this is really how it's meant to be
Then movin' on sounds good to me
Baby

But, you're still in my arms
In my head
You're still in my car
In my head
You're still in that t-shirt on my bed
You're every song that's on you're gone
But, you never left
In my head
Yeah, you're still in my head

I sit and watch the sun go down
Guess that's the way our love is now
Just a flame burnin' out
Slowly
But, I don't hang my head and cry
I don't have to be alone tonight
Don't worry 'bout me baby
I'm not lonely

You're still in my arms
In my head
You're still in my car
In my head
You're still in that t-shirt on my bed
You're every song that's on you're gone
But, you never left
In my head
Yeah, you're still in my head

You're still in my head
You're still in that t-shirt on my bed
You're every song that's on you're gone
But, you're in my arms in my head

You're still in my car
In my head
Yeah, you're still in my head
My head
Oh, oh
Girl, you're still in my head
My head
