(Jason Carter / Scott Boyd / Dierks Bentley)

It's dark outside my window and cold without you near
I keep thinkin back on the times when you were mine
But rings and dreams don't matter cause I know you're
with him tonight
And you've already left without a fight

Chorus

What can I do to make you believe my love is true
What can I say to keep you from walkin away
How can I make my heart believe we're really through
When it's not through loving you

The dawn will bring a new day and I suppose the sun
will shine

But it won't bring back the light in my life
Cause I'm afraid I've waited too long to tell you how I
feel
It's sad to think I lost you cause I couldn't lose my pride

Chorus

How can I make my heart believe we're really through
When it's not through loving you
