(Mike Ward / Dierks Bentley)

Like the leaves I get restless  
I just can't seem to settle down  
When the autumn wind blows, it cuts right to my soul  
And pulls my roots out of the ground

Chorus

Lonesome why do you love me you won't leave me  
Why can't we ever be apart  
Just when love finds me your chains they bind me  
Forever shackled to your heart  
Lonesome why do you love me

Rain ain't fallin on my windshield  
But there's tears in my rearview

Nature's dyin I know behind she's cryin  
Why do we leave them sad and blue

Chorus

You won't leave me

Chorus

Why do you love me  
You won't let me be won't set me free  
Lonesome why do you love me
