Where winds transform into crushing storms  
And whispers grow to endless screams  
Candles guide a fulminate fire to start  
There you'll find us in the heart

A raging faction bridging waters godlike  
Vicious kings with sword in hand  
Hidden by skies dressed in flames  
Hordes of morality - this is the end

Take command finally

"And we will fear not the ache,  
Tonight we're storming their walls  
Howling words of thunder  
We are anger - we are slander"

"Dreadful orphans of distress  
We'll free them all  
Proper time to unveil  
We are fire - you're our scale"

Awful kings shall reign supreme  
With visions clear for revelations to come  
Out of dusk we'll appear as in a dream

A dark heaven for a dark strike  
Forced by acts divine  
Heads up straight in the sky  
Tomorrow's first light will be our sign

Where winds transform into crushing storms  
And whispers grow to endless screams  
Candles guide a fulminate fire to start  
There you'll find us in the heart

"And we will fear not the ache,  
Tonight we're storming their walls  
Howling words of thunder  
We are anger - we are slander"

"Dreadful orphans of distress  
We'll free them all  
Proper time to unveil  
We are fire - you're our scale"

For we'll reveal hell on earth  
As you will see  
Unholy force out of the past  
Leave behind a mischief to last

We'll appear as in a dream
