I halt me and retract  
After I observe it,  
I don't believe it  
I behold the sky light  
That crave into my coming,  
I try enter  
But my soul it hinder  
Slowly the light tuns off.

I wish as much as live like die  
I love the darkness  
But descend in her,  
Will excite me.

Into silent valley  
I been lost,  
I don't will know where or when  
I will know that I have die.

Only you that be light  
You, king of dimensions  
Judge of your laws  
Mistress of my own destiny  
Slowly the light turns off.

Oh! broken mirror  
There isn't way beyond  
Oh! Time Master  
Please stop here.

I need the knowledge key  
Where are you  
That I can't see?  
I need the silver key  
For open your castle doors.

A book sealed with my own blood  
Will me know that I have die.

Ten minutes, let's bring  
To my last breath,  
Like the final of a song,

Like will close in my soul  
Will lost the darkness take  
Where cries even make a sound.

Into silent valley  
I been lost  
I don't will know  
Where or When.

Only you that be light  
You, king of dimensions  
Mistress of my own destiny

Oh! broken mirror  
There isn't way beyond  
Oh! Time Master  
Please stop here.
