A moment of discretion
Might have stopped the sin
But how far should you take it
When she wants You back again
Have mercy on me
I can feel Your sting
Have mercy on me
Hear the song I Sing
Too much of a good thing baby
Too much of a good thing
Just a little bit Of lovin'
Might have saved the day
But she turned And started walking away
Started walking away
Have mercy on me
I'm Like a puppet on a string
Have mercy on me
For it Does not mean a thing
Too much of a good thing baby
Too much of a good thing girl
Have mercy on me
I'm Like a puppet on a string
Have mercy on me
For it Does not mean a thing
Too much of a good thing baby
Too much of a good thing girl
Too much of a good thing baby
Too much of a good thing girl
