You got no hope competing you'll take a beating
It's mothafuckas just like you that I'm deleting
Off the map dead but still fuck I'm bleeding
Now your obituaries are in the paper
And now's you're mom is grievin
Cause all of them gun shot wouds you was recievin
Made it possible for your last day to come and stop
your fuckin breathin
It's time for your spirt to rise you soul's now fuckin
leavin
You took one of mine I took you out and we're still ain't
fuckin even
Don't think I'm gonna now stop fool I'm not threw
acheivin
Not until the rest of your crew is dead by maggots
getting eatin
And not until that day will The Knightowl will be threw
defeatin
All those mothafuckas I don't like holmes you best be
believin
That you's fucked up so the man with horns you're
greetin
Recievin the man with the cape and the gate and
there's no escape

[Chorus] (Mr. Shadow and Knightowl)

Let's go to War
Fool I'm evil as can be you sure you wanna fuck with me
Let's go to War
I brought the fuckin gat to rub you off the map
Let's go to War
I got no time to waste you're death fuckin awaits now
go see the pearly gates
Let's go to War
I brought the clip you best not fuckin trip mothafucka

[Mr. Shadow]

I'm down to die any day I put that on the K
If any drama come my way bitch I'm ready to spray
Got the A K 4 7
Best believe the chronic smoke inhalen
Dogs are barking cause it's death they smellin
No tellin what's gonna happen next
Look you in the eye high mixed in with X
God damn... I am.... Incredible... Unfadable...
Undestructable... the
Untouchable
You ain't compatable the unholy master of the
cerimony
Back once again a bad Mexican
Next to him is Knightowl with buck shots and a 12
guage
And a sawed off and it's your name that is read up on
the front page
Now what the fuck your family gonna tell me cause you
ain't came home
And left the kids alone, nothin and if they choose to do
so I'm dumpin
Startin off a war in the center of the world

[Chorus 1]

[Mr. Shadow]

Criminalize your blocks with glocks and infrared beams
Blowin your spot with C-4 trick we plot schemes
Shaddered dreams my team never sleeps for ever
prowlin
Force enterin houses kidnappin your spouses
Your mouth is 9 millimeters away from getting sealed
What you don't see can hurt you the weapon stays
concealed
This pain your gonna feel is like no other
So go and tell your momma that you love her, for real

[Knightowl]

Let's go to war
Cranium crakin when ever The Knightowl be attackin
I'm ever slacking fool you life I'm jackin
The more he's packing ready to blast I'm never lackin
I be robbin mothafuckas so I chips I keep on stackin
So I'm done takin over the rap game those that
disagree I'm smakin
But if shit get's a little complicated holmes I'm cappin
You best be quick and run or be the next one I'm
trappin
Or you'll end up in a casket and for ever nappin

[Chorus 1]
