this guitar i'm holding is my only friend so i sit alone in
the dark in =
my room again headlights flash upon my wall, mind's
wandering i crack a =
smile and i want to stay awhile after half an hour it
comes back to me i =
crack a smile and i want to stay awhile can you see
now? way above the =
crowd? or is it just my fantasy? see me down at the
river washing all my =
fears away i only wish that i could stay see me in my
bedroom dreaming =

all my fears away i only wish that i could stay
