it's almost three a.m. and I should be asleep but  
instead I lie awake in =  
my room and my head still hurts from the night before  
last my only =  
solace is thinking of you let me dream, give me peace  
let me fall fast =  
asleep cus I swear there will be time for you tomorrow  
so I'm doing what =  
I can to write you a song but I am burned out and its  
late at night and =  
I'm trying real hard to tear the words from my insides  
but sometimes my =  
pen just won't write keep me warm while I sleep safe  
and sound =  
underneath the sheets 'cause I swear there will be time  
for you tomorrow =  
yeah, yeah, yeah the hood of your car and the Florida  
skyline you told =  
me your secrets with your head pressed to mine we lay  
close together =

like ivy entwined you are all of my songs and the sun  
as it shines so =  
much beauty and style what a beautiful smile like the  
perfect picasso =  
both color and grace I call my machine to hear your  
voice one more time =  
and my stomach gets weak as your voice comes  
through the line the air is =  
quiet, calm, and still just as it always and forever will  
and my radio =  
plays the same old song and it makes me forget that  
you are gone
