yeah, yeah, yeah the hood of your car and the florida  
skyline you told me your secrets with your head  
pressed to mine we lay close together like ivy entwined  
you are all of my songs and the sun as it shines so  
much beauty and style what a beautiful smile like the  
perfect picasso both color and grace i call my machine  
to hear your voice one more time and my stomach gets  
weak as your voice comes through the line the air is  
quiet, calm, and still just as it always and forever will  
and my radio plays the same old song and it makes me  
forget that you are gone
