"Hey Holly"

Visit "[Hey Holly](#)" on MotoLyrics.com

The dawn patrol doesn't sleep
I hope you find perfect peace
Hey Holly what have you done?
Hey Holly where will you go this time?

The road is long, it doesn't end
The truth can be a great pretence
Hey Holly what have you done?
Hey Holly where will you go this time?

Hey Holly, hey Holly
The beat of life goes on - keep walking

One cold heart, one sad mistake
The case is closed, you have been framed
Hey Holly what have you done this time?
Hey Holly where will you go this time?

Bodies talk but don't say much
The beast in me, I'm learning to love

Hey Holly what have you done?
Hey Holly where will you go this time?

And the beat of life still goes on
Keep walking
Hey Holly -
