People in an endless procession knocking on the door  
of fortune

All because they can't stand still and wanna live in  
wonderland

Maybe it's a permanent obsession, could be a search  
for devotion

But yeah! We're gonna get it right now

[chorus]

We're gonna live like princes do

No more living in the shadows

We don't care about you, you and you

We're gonna live like princes do

You can keep your honest expression

You can keep your social conditions

I don't care what you do, you can scream if you want to  
'Cos we're gonna live on the hill

Feast 'till we've had our fill, that's what we're gonna do  
now

[chorus]

We're gonna live like princes do

No more shuffling in the shadows

We don't care about you, you and you

We're gonna live like princes do

How d'you get out of this place I wanna know

How d'you get out of this place I've got to go

[repeat chorus]
