The siren calls outside  
They want to kill us all  
Innocents, wounded souls  
Full of rage  
Nowhere to go  
Consequences be they may  
I resolve to never change  
I so vow to never yield

Can I give my old heart TO YOU?

Cause when this feeling starts  
That's when I blow it all away

â€œhere, you're bornâ€ they'll say  
â€œto die afraid, to lie awakeâ€

It's plain the wars have won  
The days of judgement rise  
For innocents, wounded souls  
How could they know?  
They're burning cold  
Paranoias be they may  
I resolve to never change

Can I give my old heart TO YOU?

Cause when this feeling starts  
That's when I rip it all apart

Alright!  
The end's in sight  
We're born to die  
One thousand times

I'm just one wish away  
I'm just one wish away from you kid  
I'm just one wish away  
I'm just one wish away from you kid  
I'm not so innocent  
I'm not so innocent now kid

Can I give my old heart TO YOU?  
My old heartâ€¦
