And I wonder if you ever think about me anymore
And I wonder if you ever think about me when your
bored
And I wonder if you ever think about me when your're
hangin' in New York

And I wonder if you still think Bono writes his songs for
you
And I wonder if the reasons why you left me were
untrue
And I wonder if you give him better b**wjobs than the
ones I got from you

Because
Girl you mean
So much to me
I wish that we
Could start it over, start it over
I don't need your sympathy or apologies
Still i'm staring in my coffee cup at six am
And i cannot give up

And I wonder if you're happy or just glad to see me
scarred
Did he buy your heart with Visa or his Platinum
Mastercard?
I am bending over backwards to get close to you but
still i feel so far

Because
Girl you mean
So much to me
I wish that we..
Could start it over, start it over
I don't need your sympathy or apologies
Still i'm staring in my coffee cup at six am
And I cannot give up

Girl you mean
So much to me
I wish that we

Could start it over, start it over
I don't need your sympathy or apologies
Nomore

Girl you mean
So much to me
I wish that we
Could start it over, start it over
I don't need your sympathy
I just want you here with me
