Darlin as i look at you.
Reminds me of how much i am.
Oh im a lucky man.
It wont mean love that's in your eyes.
Only makes me realize. where i should be.
And it's time to leave.

Kaz youve made me think of her.
And what our love was worth.
Shes all I'll ever need.
And i appreciate the drink. and thank you for the
dance.
And the chance to see.
If i lost her.
I couldnt live with me.

I can't remember what it was.
That made me say those hurtin words tonight.
What a silly fight..
So at the risk of being rude.
Ill say goodbye and promise you.
I wont forget.what you just did.

Kaz you made me think of her.
And what our love is worth.
Shes all I'll ever need.
And i appreciate the drink and thank you for the dance.
And the chance to see.
If i lost her.
I couldnt live with me!

And i appreciate the drink and thank you for the dance.
And the chance to see.
If i lost her.
I COULDNT LIVE WITH ME!
