Falling down the stair, gave me quiet a scare
Turned around to see if anybody saw
But no one's there 'cause you're not here
So no one cares and no one's waiting
When I come dragging home

So I don't until about two
It's hard to be me and not have you

It's hard to be me when half of me is gone
You are right, baby, half of half that's wrong
And every day I face the cold hard truth
It's hard to be me and not have you
It's hard to be me and not have you

Banging down the wall and neighbor down the hall
Yelling, "Turn down that radio, I'm gonna call the cops
And then you're gonna go to jail" but he don't
understand
And every thing's changing, I think I'm gonna scream

But what would I say? I don't know what to do
It's hard to be me and not have you

It's hard to be me when half of me is gone
You are right, baby, half of half that's wrong
And every day I face the cold hard truth
It's hard to be me and not have you
It's hard to be me and not have you

Every day I face the cold hard truth
It's hard to be me and not have you
It's hard to be me and not have you

It's hard to be me and not have you
(Banging down the wall)
It's hard to be me and not have you
(Gave me quiet a scare)

It's hard to be me and not have you
(Neighbor down the hall)
It's hard to be me and not have you

(It's falling down the stairs)

It's hard to be me and not have you
(Banging down the wall)
Oh, ooh well
