L.A. lady, drive me crazy
I must confide what's on my mind
I've been watching I've been waiting
I see the signs you always lie

You wouldn't make it tough
You told me you told me
You wouldn't break it off

You told me, you told me
You wanna fall in lover
You told me you told me
You told me what I wanted to hear

Every morning is a different story
I smell the sex all on your breath
I've been down some with my bourbon
Make no mistake my heart will break

You wouldn't make it tough
You told me, you told me
You wouldn't break it off

You told me, you told me
You wanna fall in lover
You told me you told me
You told me what I wanted to hear

Far, far, far and in between
Far, far, far and in between

You wouldn't make it tough
You wouldn't break it off
You told me, you told me
You wanna fall in lover

You told me, you told me
You told me what I wanted to hear
You told me what I wanted to hear

You told me, you told me
You wanna fall in love

At least that's what you always told me
