and i wonder if you ever think about me anymore
and i wonder if you ever think about me when your
bored
and I wonder if you ever think about me when your're
hangin' in New York

and i wonder if you still think Bono writes his songs for
you
and i wonder if the reasons why you left me were
untrue
and i wonder if you give him better blow jobs than the
ones i got from you

because...
girl you mean
so much to me
i wish that we..
could start it over, start it over
i don't need your sympathy or apologies
still i'm staring in my coffe cup at six am
and i cannot give.. up

and i wonder if you're happy or just glad to see me
scarred
took my drunken self-confession sober up your
bleeding heart
I am bending over backwards to get close to you but
still i feel so far

because...
girl you mean
so much to me
i wish that we..
could start it over, start it over
i don't need your sympathy or apologies
still i'm staring in my coffe cup at six am
and i cannot give.. up

girl you mean
so much to me
i wish that we could start it over
i dont need your sympathy or apologies

....nomore

girl you mean
so much to me
i wish that we..
could start it over, start it over
i don't need your sympathy
i just want you here with me

with me -do do do-
still i'm staring in my coffee cup it's six a.m and i
cannot give up
