This is planned, I always belonged  
Now the girls and boys are all gone  
And there's nothing left for you

They built you up and they let you down  
So you won't believe in the crown  
And there's nothing left for you

And we don't know what to do  
And there's nothing left to prove

It's all over you  
Terrible you  
I'm going to change my mind every time  
All over you

It's all about you

So you gave great time, yeah you know  
There's a fake among us I'm told  
And there's no room left for you

And we don't know what to do  
And there's nothing left to prove

It's all over you  
Terrible you  
I'm going to change my mind every time  
All over you

(I don't know if she gets over)  
All over you  
(I don't know if she gets over)  
All over you  
(I don't know if she gets over)

And we don't know what to do  
And there's nothing left to prove

It's all over you  
Terrible you

I'm going to change my mind every time  
All over you

It's all about you
