I took a walk around the world to ease my troubled
mind

i left my body lying somewhere in the sin of time

but i watched the world throw to the dark side of the
moon

i feel theirs nothing i can do

yeah

i watched the world throw to the dark side of the moon

after i all knew it had to be something to do with you

i really what happens now and then , as long as you'll
be my friend in the end.

if i go crazy then will you still call me super man

if im alive and will you still be their holding my hand

i'll keep you by my side with my super human might
kryptonite

you call me strong you call me weak but still your
secrets i will keep

you took forgranted all the times i never let you down

you stumbled in and bumped your head if not for me
u'd be dead

i picked you up and put you back on solid ground

really what happens now and then , as long as you'll be
my friend in the end.

if i go crazy then will you still call me super man

if im alive and will you still be their holding my hand

i'll keep you by my side with my super human might
kryptonite

if i go crazy then will you still call me super man

if im alive and will you still be their holding my hand

i'll keep you by my side with my super human might
kryptonite

yeah

if i go crazy then will you still call me super man

if im alive and will you still be their holding my hand

i'll keep you by my side with my super human might
kryptonite

woooooow wooooow wooooow
