### "Ghetto Neighbor"

(feat. Monoxide, Paris)

#### *[Verse 1: Anybody Killa]*

They call me ghetto neighbor, I don't give a fuck  
Sounds bumpin' all night, steadily wakin' you up  
Homies bangin' on the door because I'm slangin' the  
tree  
24 hour weed spot, buy two, get one free  
Every week another piece of property gettin' stolen  
Check it in you little buster watch your eye get swollen  
Neighborhood bad ass, I think the whole block hates  
me  
Ready to freeze psycho motherfucker actin' crazy  
Ever since the young age of 13  
Same house, different neighbors and they all blame  
me  
For all them cars that got stolen, the windows that got  
broken  
A handful of jewelry that the cops caught me holdin'  
(Psyche)  
I've never been caught for a run that I committed  
I've never seen a fat ass lick and didn't hit it  
All the murders that they claimin' I ain't stressin' that  
shit  
Cause if you got the evidence then come convict me  
bitch

#### *[Hook]*

Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)  
Would you be my, could you be my  
Won't you be my (WE NEIGHBORS Y'ALL!)  
Would you be my, could you be my  
Won't you be my (I BRINGS THE DRAMA!)  
Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)

#### *[Verse 2: Monoxide]*

Cars and stray dogs always fuckin' up my grass  
And everytime you see me comin' you know I'm about  
to ask

Where your 5 at? I'm buyin' weed in 10 sacks  
And fuck a bitch at Burger King just to get some free  
snacks  
Standin' on my porch in a robe  
I got some top tens with no shoe strings, I'm out cold  
And the gold, hope it ain't nothin' my eye catch  
I'm runnin' pockets like a campaign rep it's gettin'  
snatched  
Dice game on the side of the crib  
I'm shootin' dollar in this motherfucker, who else in?  
And the cops got a problem with me, who knows why?  
Proly cause I got a couple tagged cars in my driveway  
I keep it ghetto like the whitest of trash  
Sellin' food stamps for cash just to get up on the fat  
pad  
So when you see me on your block watch your back  
Cause Monoxide will lay a motherfucker out flat

*[Hook]*

Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)  
Would you be my, could you be my  
Won't you be my (WE NEIGHBORS Y'ALL!)  
Would you be my, could you be my  
Won't you be my (I BRINGS THE DRAMA!)  
Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)

*[Verse 3: Paris]*

Who's that nigga slash Nasdaq sponsored ass?  
Soldier devils never love, fuckin' up your country club  
Bailin' through the gates, raisin' hatred in they eyes  
why  
Try to calculate when niggaz make it when I ride by  
Though you can't stand seein' any non-European  
Havin' things, what a shame niggaz come, then you  
fleein'  
But we won't, goodies too, take advantage, better  
school  
Bigger plots, acre lots, pushin' Benz and sellin' stocks  
Guess who comin' to dinner in your area?  
Know you hate to share it, I love it when I'm scarin' the  
Bitches in my neighborhood, I'm brutal on your whole  
committee  
Never seemed to see how niggaz comin' from the city  
pretty  
But we rollin', foldin' the cash holdin', bitch I'm showin'  
out  
Keep my bidness out yo mouth  
Clowin' all them racist holes, juggalos know a devil  
should

Roughest on my cul de sac, there go the neighborhood

*[Hook]*

Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)  
Would you be my, could you be my  
Won't you be my (WE NEIGHBORS Y'ALL!)  
Would you be my, could you be my  
Won't you be my (I BRINGS THE DRAMA!)  
Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)

*[Anybody Killa]*

That's right motherfucker! Psychopathic is your  
(GHETTO NEIGHBOR!)  
My man Paris and all that gorilla funk is your (GHETTO  
NEIGHBOR!)  
Monox Boogie settin' it straight cause you know he my  
(GHETTO NEIGHBOR!)  
So now that we neighbors throw up yo motherfuckin'  
hood! (GHETTO NEIGHBOR!)

*[Hook]*

Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)  
Would you be my, could you be my  
Won't you be my (WE NEIGHBORS Y'ALL!)  
Would you be my, could you be my  
Won't you be my (I BRINGS THE DRAMA!)  
Would you be my, could you be my  
Won't you be my (GHETTO NEIGHBOR!)
