### "Up My Sleeve"

*[Chorus:]*

Nobody knows what I'm going to do next  
Ain't no tellin' what's up my sleeve  
Nobody knows what I'm going to do next  
Ain't no tellin' what's up my sleeve  
Nobody knows what I'm going to do next  
Ain't no tellin' what's up my sleeve  
Nobody knows what I'm going to do next  
Ain't no tellin' what's up my sleeve

*[Anybody Killa:]*

Watch out! Hey, something's lurking, staring right at  
you  
I can feel your souls been waiting to let all my spirits  
through  
So many faces on my spin  
Words I write, remembering  
All these legends that we speak  
Stories told, draw minds in deep  
Who can face the blackest cloud,  
When lightening strikes on solid ground  
Who will be left, to see the mist  
Of afterlife, and happiness  
Up my sleeve, there's so many things  
Who knows what this killer brings?  
Hypnotized, inside your mind  
But still you can't see me

*[Chorus]*

Here I go again, another check  
Nobody knows what the fuck I'm after  
Now you see me now you can't, disappear  
Why you think ABK is so weird?  
But fuck that, I got warrior skills!  
I can vanish like that, \*snap\* for real!  
Swoosh Gone! Like a dollar bill.  
I'll have you're ass shiverin' with chills

*[Break:]*

I'm a psycho, going crazy can't seem to get my head  
straight  
I'll these visions, I keep havin', want to take my breath  
away  
Non-believers stay alert because this world keeps  
changing  
Up my sleeve's a remedy, to keep you from decaying

*[Chorus]*

*[Break:]*

I'm a psycho, going crazy can't seem to get my head  
straight  
(CAN'T GET MY HEAD STRAIGHT)  
I'll these visions I keep havin', want to take my breath  
away  
(TAKE MY BREATH AWAY)  
Non-believers stay alert because this world keeps  
changing  
(THIS WORLD KEEPS CHANGING)  
Up my sleeve's a remedy, to keep you from decaying  
(Keep you from decaying...)
