What do u want from me?  
Be the question, don't you think that I gave  
you enough?  
What about the time I took you out and just bought you  
all types of crazy stuff  
This world ain't nothing different, I ask it  
everyday  
What the fuck do I gotta do, so everyone can see it my  
way?  
If I could I would be a millionaire and help out the poor  
cause it's good to share  
And keep away from the ones that front, always taking  
what you giving cause they steadily want  
So what more could you want from me, would it make  
you happy to watch me bleed  
Or are you sticking around to just see if a killa like me  
is able to achieve  
Was sup

[Chorus]  
Don't be standing around looking like a dog  
on a leash  
What do u want from me?  
Don't be acting like we friends, and you  
won't be deceased  
What do u want from me?  
Don't be acting like you know everything  
I'm about  
What do u want from me?  
What you want, is what you goin get without a doubt  
What do u want from me?

What do you want from me?  
I'm just askin, cause you look like you need  
some help  
And the only thing left that I got to give are these  
rhymes I use myself when I'm angry  
I just get so confused, think to myself what do I got to  
lose  
There nothing more for me here to prove, so from here  
on out I'mma act a fool  
What do you want from me? I might as well ask, cause

IÃfÂçâ,¬Â™ m kinda in a giving mood  
I got free advice for the ones that hate, this  
motherfucking nuts for you (bitch)  
IÃfÂçâ,¬Â™ mma walk with my head held high through  
these trails of tears cause I have nothing to fear,  
yaÃfÂçâ,¬Â™ ll  
IÃfÂçâ,¬Â™ m DetroitÃfÂçâ,¬Â™ s first native  
representing, 87 it was written memorized ready for  
spitting dawg

[Chorus]

IÃfÂçâ,¬Â™ m so proud to die and IÃfÂçâ,¬Â™ m  
proud to live  
And IÃfÂçâ,¬Â™ m going to scream it to the world til  
my lungs give in  
If there anything I got that you think you deserve  
Then next time contest my nerves  
Or itÃfÂçâ,¬Â™ s all bad  
Crazy, psycho, not right in the dome  
Leave me alone  
So fed up and donÃfÂçâ,¬Â™ t know what to do  
So now itÃfÂçâ,¬Â™ s time to ask from you  
Help me

I know you think IÃfÂçâ,¬Â™ m crazy  
I do it for you, I do it for you  
Even though it true IÃfÂçâ,¬Â™ m crazy  
You crazy too, you crazy too

[Chorus x2]
