I was your man, you were my girl
Would have given anything to you in this world
So why is it lately you've been acting cold to me
You don't want to talk to me
You don't like my touch
So tell me why would you do this
Could have told me so
I'da let you go
Look how it ends
We can't even be friends

When you cheat when you lie when you kiss me
goodnight
You didn't expect that I would find out
When it's late when you say you were at your friend's
house
You didn't expect that I would find out

So many little things keep on adding up
Girl I've had enough pretending that I'm blind
Two way blowing up way past 12 o'clock
Let me tell you what
It's about that time
And yesterday I followed you baby
I know where you've been
I saw you with him
Look how it ends
We can't even be friends
