Cover it all in kerosene,
Light a match and watch it,
Burn everything
(Everything)

All that remains,
Where the pictures used to hang,
Shattered glass and broken frames.
(Broken frames)

So let the rain fall down,
And wash away,
All the suffering from my mistakes.
It's taking everything,
To just walk away,
'Cause the memories aren't worth the pain.

(It's not worth the pain)
(It's not worth the pain)
(It's not worth the pain)
(It's not worth the pain)

Handful of pills to escape,
The nights that hold no sleep.
An empty bottle to release,
The thoughts and memories,
Of everything...

Buried beneath,
This hollow shell of mine,
The self-inflicted stain of it,
Is killing me inside.
(Killing me inside)

So let the rain fall down and wash away,
All the suffering from my mistakes.
It's taking everything to just walk away,
'Cause the memories aren't worth the pain.

(It's not worth the pain)
(It's not worth the pain)

(It's not worth the pain)
(It's not worth the pain)

And it feels like,
I'm a million miles away,
But I still feel the pain.
And I'd rather drown,
Than feel this for another day.
It's not worth the pain.
It's not worth the pain.
It's not worth the pain.
It's not worth the pain.
It's not worth the pain.

(It's not worth the pain)
(It's not worth the pain)
(It's not worth the pain)
(It's not worth the pain)
