I'm a slave to your body,
Though I try to be strong.
But when something goes easy,
It feels too good to be wrong.

When we play on the edge
There's a chance we could fall.
But right now, just right now,
We have it all.

We dance in the fire,
We laugh at the flames and never learn.
With no cares for tomorrow,
'cause tonight we just love how it burns.

I feel the rhythm of your heartbeat
When you're so close to mine.
Now, this could get a little crazy,
But crazy's hard to define.

When we play on the edge
There's a chance we could fall.
But right now, just right now,
Forget it all.

We dance in the fire,
We laugh at the flames and never learn.
With no cares for tomorrow,
'cause tonight we just love how it burns.

Just turn the heat up
And we can feel the burn,
It's never hot enough,
I wanna feel it hurt.
Just turn the heat up
And we can feel the burn,
It's never hot enough,
I wanna feel it hurt.

We dance in the fire,
We laugh, 'cause we never learn.
We dance in the fire,

We laugh at the flames and never learn.
With no cares for tomorrow,
'cause tonight we just love how it burns.
We dance in the fire,
We laugh at the flames and never learn.
With no cares for tomorrow,
'cause tonight we just love how it burns.
