Recognise this colour

[Shock G]

Yeah, all-Atlantic, all-Pacific, all-City  
Yes, the Shuttle continues to reach out and explore  
To boldly go where No Face has gone before  
Soon it will be obvious that when we taste the colour  
We shall finally see the picture

Can you feel this colour?  
I'm feeling you, my brother, can't you colour me funky!  
Can you see this flavour?  
And if you miss me don't dis me, just colour me funky!  
Do you taste this picture?  
I'm feeling you, my brother, can't you colour me funky!  
D-Flo is still witcha  
So if you miss me don't dis me, just picture me funky!

No, nothing has changed  
Even the day remains the same  
I'm still down to clown around  
Still coming from the Underground  
Still kick it real smooth  
Is the way that you perceive me  
Has it been coloured  
By the way you've been treated  
In a situation that comes to mind

I hope it ain't, and make sure that the paint  
That you use to paint me with has got funk in it  
See nothing has changed except for you and I  
Don't let the lights from the TV change the way you see  
me  
Takes a lot of time to go from town to town  
And very seldom can a brother settle down, G  
We need to funk! Don't be alarmed, ain't nothing  
changed  
We been around the world but, yo, we still can drop the  
bomb

[Chorus]

Nothing has changed except for you and I  
Nothing has changed except for you, oh no, no  
Nothing has changed except for you and I  
Nothing has changedâ€¦

Can you feel this colour?  
Yeah, I'm feeling you my brother, won't you colour me  
funky!  
Can you see this flavour?  
And if you miss me don't dis me, just picture me funky!  
Do you taste this picture?  
I said I'm feeling you my brother, won't you colour me  
funky!  
D-Flo is still witcha  
So if you miss me don't dis me, just picture me funky

Nothing has changed except for you and I  
Please don't let the lights that blind  
Change the way that you see me  
It takes a lot of time to go from town to town  
Spreading the funk around

[Chorus]

[Shock G]  
No Face will be coming through for you  
No Face will be coming through for you  
The D-Flo Shuttle will be coming through for you  
P-Funk is still coming through for you
