[All]

You know how to dodio, put me in your video  
Can't be your hoe-deo, put me in your video (x2)

You got a natural thing for that swing  
If everything is lovey-dovey when we gonna get  
together? (x4)

[Shock G]

You could see the fear in her eyes on the night she  
arrived  
Ugly was the atmosphere, terror was the vibe  
I was a fool cause I really thought I owned her  
Every night I boned her, I even loaned her  
Out like a hat, to the others  
She got spanked if she acted up as if I was her mother

[???

And when she tried to run away I set the dogs on her  
Kept her locked down from the fall to the summer

[Shock G]

Eventually I had to let her go cause people said  
I'm evil and they started coming down on me  
But she never made it out the doe, she said  
'Hoeing's all I know and I'm cut off from my family  
There's nowhere I can go and you owe me  
But I'll forgive you if you start fresh and you show me  
That you're worthy of my love and if you can't love a  
whore  
Then teach me how to be the type of woman you adore'

[????]

I wasn't really down but I said 'Deal'  
Just to shut her up and to hide what I feel  
But the eyes never lie, she read right through me  
And what she said next got to me:

[Chorus x2]

Are you ever gonna know me, love me  
Feel me, ever gonna give it a try?  
Maybe I'm not what you're used to

But it's cool cause I'm pretty inside

[All]

So we're both still living in the same crib  
But I hardly ever see her cause I'm never there  
I can't face all the bad things I did

So I hide and I lie and deny that I care  
Reckless, ruthless, evil like a devil  
And now she wanna take me to that real level  
I gave her nothing but stress and strain

[Shock G]

She believes in me and says that people can change  
You know I do not understand how she still stands by  
me  
On the down low I think she's fly, see  
But I front on account of the way that I acted

[???

I'm paranoid that she might get me back and  
I couldn't be the fat, greedy rat that I've been  
I had the power living in sin  
But I still can't get her words out of my head  
She messed me up with the way she said:

[Chorus x2]

[All]

Are you ever going to understand  
I do not have a history of showing people love  
Just because I put you on the TV  
Doesn't mean I'm looking out for you or ya moms  
I dogged you! I dogged you, you don't care!  
A slave to the rhythm, a fiend for abuse  
You got your act together, things are looking better  
**BUT YOU'LL ALWAYS BE A ROACH TO THEM!**

[Shock G]

She said 'I'd like to thank ya cause you put me in your  
video  
Take me all alone somewhere so no one else can see  
me hoe  
Then you'll know that I'm wide o', your flow's got the  
power over me

Are you ever gonna know me, love me  
Feel me, ever gonna give it a try?  
The key is the 'I', is the 'she', is the 'we'  
And the I is he

You got a natural thing for that swing  
If everything is lovey-dovey when we gonna get  
together? (x4)

[Shock G]

You got a natural thayng, for that shwang..
