[Shock G]

Aiyyo question:

what does an Afro-rockin next-droppin Westside type  
have in common with a East rock a vest put you to rest  
type?

(What?) Women, we swimmin in 'em, like batter  
I'm bony, he fatter (Watch it son!) My bad Pun  
I'm havin fun, playin with my Kiss side  
I'm ready to hit the telly, tickle bellies from the inside  
Y'all know that Shock's my name  
I rock brew instead of champagne  
Ask around the world and they'll t-tell you the same

[Big Pun]

Yo what the deal Shock? (Love yo)  
You know me, keepin they heels cocked  
Still round cause I'm down, 400 lbs of steel cock  
You feel hot I warn you, what? I never call you slut  
or diss you that's why my initials is on your butt  
I get it up when you need it, promise I'll never beat it  
Satisfaction guaranteed it, twice as hard if you eat it  
My style's comedic, but in the bed ain't nuttin funny  
I'm bustin your bunny and leave you smothered with  
nuttin but honey

Whateva throw the keys to valet, let's make our way  
to the club entrance (Yo there go Pun with like ten  
chicks!)  
The line's sexy, but we gon' get in this bitch  
Let me light a clip, look for the shorties with the nicest  
hips

[Whateva]  
We had to bend a piece like the Max casual slacks  
Ordered the Cognac, laid back, planned our attack  
Straight off the back I'd approach, 'fore we took off our  
coats  
She got close, threw me the signal like a third base  
coach

[S] Yo Whateva what's the deal?  
[W] Yo ain't no time to speak  
[S] Where you at?  
[W] What you think, about to find that freak

The night's just beginning, strobe lights and nice  
women

Get in where you fit in, it's just The Mission

Physically blubber bound, but I crush a hundred rounds  
Eat every bit of you my tongue is Digital Underground
