A broken window  
And a bird that gasps for air  
The final breath - black eyes  
Look back at me screaming in despair

In one second I'm awake  
And sweat drops falling from my head  
Yet another dream  
Continuously comes back into me

Message without meaning.  
Leave a clue - freeze rewind  
Where is the sign  
What does this really mean  
Or am I dreaming in a dream

It's your mind that guides you  
In the world around you  
Where veracity replies  
To creations in your mind

If you're gone tomorrow  
Time erases sorrow  
As long as you never give in  
Your dreams will never die

I'm in a hunt  
But I'm the hunted on the run  
No matter how determined  
I try to run, my legs do not reply

I'm on an airplane  
And I'm falling through the clouds  
But there have been years since then  
And still I have no sight of solid ground

Message without meaning  
Leave a clue - freeze rewind  
Where is the sign  
What does this really mean  
Or am I dreaming in a dream
