Conceiving and deceptive,
He wants you for himself;
He shows that you are different,
Than you really are;
Lord of the Underworld;
He wants his Persephone.

He is the King of Apathy,
And he wants you for his queen;
He'll have you for a time,
Then you'll be pushed aside...

To make way for others,
Those that he wants right then;
You're only a moment,
In his grand scheme of things;
You're only going to fall,
Until you hit the ground.

He is the King of Apathy,
And he wants you for his queen;
He'll have you for a time,
Then you'll be pushed aside.

You'll be gone,
For so long;
You'll have nothing,
Then you'll see again that...

He is the King of Apathy,
And he wants you for his queen;
He'll have you for a time,
Then you'll be pushed aside.
