I gotta a gal and she's so fine
Lets me hug and kiss her all the time
Like to see her do the chicken bop
Shakes all over from the bottom to the top

Boom Boom I said Boom Oom Boom Boom
Well Boom Boom Baby please don't stop

Boom Boom Baby I'll make it clear
Till I die I'll always want you near
Every evening when the lights are low
I'll watch my Boom Boom Baby go

Boom Boom I said Boom Oom Boom Boom
Well Boom Boom Baby I love you so, yeah

[Sax Break]

Took her dancing on a saturday night
Everything was going quite all right
She did the chicken in the middle of the floor
Everyone was yelling for more, more, more

Boom Boom I said Boom Oom Boom Boom
Well Boom Boom Baby you're the one I adore

At a party we were having fun
Then somebody put the record on
It had the beat that she liked best
I couldn't stop her and you know the rest

Boom Boom I said Boom Oom Boom Boom
Well Boom Boom Baby you're the best

Oh yeah honey, you're the best
Oh shake it one more time
Easy now, that's right
[Fade]
